FEBRUARY

TUES 7TH

10:00 AM - 12:00 PM

Android Smartphones (Beginners)

For beginners who have an Android smartphone. This class teaches you how to set up your phone so that it works for you. There will also be instruction on basic navigation and quick settings, as well as safety and security.

TUES 21ST

10:00 AM - 12:00 PM

iPhones (Beginners)

For beginners who have an iPhone. This class teaches you how to set up your phone so that it works for you. There will also be instruction on basic navigation and quick settings, as well as safety and security.

JULY

TUES 4TH

10:00 AM - 12:00 PM

Internet Security and Safety (Intermediate)

Did you know New Zealanders lose millions of dollars a year to Internet scammers? Learn how to protect yourself from these fraudsters with our Internet security and safety class. **For intermediate level - you will need experience with email or have done one of our Gmail classes in May.**

TUES 18TH

10:00 AM - 12:00 PM

Internet Saavy - How to be your own filter (All Levels)

There is so much information on the Internet - especially on Social Media, that it's understandable if you are feeling a little overwhelmed. This course teaches you some excellent hacks to help you discern what is good information or not.

MARCH

TUES 7TH

10:00 AM - 12:00 PM

Android Apps - Google Play (Beginners)

For beginners who have an Android smartphone. This class teaches you what "apps" are, how to review and download them, what they do and how to manage them.

TUES 21ST

10:00 AM - 12:00 PM

Apple App Store (Beginners)

For beginners who have an iPhone. This class teaches you what "apps" are, how to review and download them, what they do and how to manage them.

AUGUST

TUES 8TH

10:00 AM - 12:00 PM

Understanding Online Banking (Intermediate)

An introduction on how online banking works, how safe it is, and what it looks like. Although this is a beginner class, it is recommended that you do our Internet Security and Safety class in June first.

TUES 22ND

10:00 AM - 12:00 PM

Trade Me (Intermediate)

An introduction to Trade Me - New Zealand's largest Internet auction website. This class teaches you how to access Trade Me, create an account, view a listing, add items to a watch-list, place a bid and sell an item. **This class is intermediate level and assumes you know how to do online banking. If you don't, please do the course before this one.**

JUNE

TUES 6TH

10:00 AM - 12:00 PM

Email - How to set up a Gmail account (Beginners)

This beginner's class will set you up with a gmail account and teach you the basics to start using it.

TUES 20TH

10:00 AM - 12:00 PM

Email - How to make Gmail work for you! (Beginners)

For those who already have a Gmail account or have recently set one up. This beginner's class teaches you how to get the most out of your Gmail account - such as how to add attachments like photos and files and how to set up mailboxes.

TO ENROL IN A CLASS:

Please give Debbie a ring on 03 433 0842 (DDI) or 027 513 7795 (Cell) or send her an email: dpriceewen@waitaki.govt.nz

**Places are limited to a maximum of 6 people.
There is no limit to the number of classes you can do.**
