

Waitaki District Council
Ahuriri Community Board
Electing 5 Board Members

Steve DALLEY

My principal place of residence is in the Ahuriri Community Board area.

I offer myself as a candidate in the election for the Ahuriri community board, where I have lived worked and participated in the Ahuriri Ward since building our home in Otematata in 2008

after holidaying in the area with my family. I have always been interested and involved in my local community, being a member of Otematata Residents Association with the last three years as chairman. I was elected to the board at a by-election in 2020, from there I have learnt how the processes and systems within council work so feel confident of being an effective voice for the ward. I attended the Local Government Community Boards Conference which was a great In-site to local government and was able to gain contacts from other communities. Should I be re-elected, I look forward to being involved and use my experience over the wider district of the Ahuriri Community Board.
