

Waitaki District Council
Ahuriri Ward
Electing 1 Councillor

Brent COWLES

Independent

My principal place of residence is in the Ahuriri Ward area.

After three terms on the Ahuriri Community Board I have an indepth understanding of local government and believe I'm well equipped to effectively represent our community and assist with issues in our region. I am passionate about strong community engagement, quality services and assisting our constituents with their issues. With the return of tourism to our region, ensuring we have the right infrastructure to cope and getting the Alps 2 Ocean running down the southern side of Lake Aviemore will have a substantial economic benefit to our ward.

Recent weather events have raised some serious issues around flood protection and infrastructure maintenance in our small country towns. There is plenty of work to be done in this space. We have made some great progress in the past three terms as a board and I am confident I can keep the momentum moving forward by standing as our wards councilor.
