Independent

My principal place of residence is in the Oamaru Ward area.

I have a genuine passion for people and love building connections with those in our community. I'm not afraid to go against the grain and challenge opinions or ask important questions. I feel inspired to run for council because I want to be directly involved in the decisions that affect all of us moving forward. As Mahatma Gandhi said, You must be the change you want to see in the world. I think Waitaki is a wonderful district and believe we are very lucky to be so community minded, and I am passionate about bettering our community. I have a young daughter and I want her and all our tamariki to continue to flourish in a sustainable future. I'm currently working as a Manager at Scott's Brewing Company while also working towards a Diploma in Legal Executive Studies and in Operations Management.
