**Katrina DODD**

My principal place of residence is in the Waihemo Community Board area.

When inducted to the board and council, we were told our decision making as a board should be what is best for the district, not just our ward. There is a lot to reflect on from my first term.

With the energy of our local groups pushing them along, progress is being made on walking and mountain bike tracks, the bike park and playground, and the resurrection of our town hall. Such projects bring vitality to our district.

Progress generally means to move toward what we want, and away from what we don't want. Waitaki is growing and with growth comes change, and the opportunity to design what we want. Our choices determine the council we get, and that determines what happens in our place.

Will you choose the past, or the future? I choose to stand again and help you get what you want in our district.
