

Waitaki District Council
Waihemo Community Board
Electing 5 Board Members

Kerry STEVENS

My principal place of residence is in the Waihemo Community Board area.

Hampden is my home, and Waihemo is my backyard.

I love living here. The people are friendly and down-to-earth. The natural environment is uplifting. Bird and marine life is amazing. The weather is average, but hey, what more do you need?

I believe Waihemo Community Board should advocate strongly so Council doesn't overlook our rural communities when making key decisions. After all, we rely on Council for so many things like roads, water, recycling, libraries, playgrounds, building consents, etc..

Waihemo Community Board links our communities to the complex Council juggernaut. So it's vital that our representatives live in different communities throughout Waihemo.

I will bring a fresh voice to Community Board discussions from the Hampden/Moeraki area. My previous experience as Geraldine Councillor and Community Board member will help me to contribute, and I'll earn your vote working hard to make our communities a better place for all.
