Q4	Feedback/Comments
	To Whom it May Concern: I am submitting my feedback to the draft district plan via email because I find the draft district plan very difficult to read. If you want public discourse, you need to offer the material in a way normal people can understand. I do appreciate the drop in sessions where people could translate the coucilese for me. The online feedback form I also find very difficult. The drop in sessions allow me to ask my questions and understand the plan, but going back to do the feedback form later means wading through the confusing legal writing of the plan and it is too daunting. I am simply going to tell you what I want and don't want and you can filter it to what chapter it belongs to.

	1) As far as zoning goes, if there are not currently houses on a piece of land, there should not be houses on that land. I do not want any development on open farmland. Urban infill, great, fill it up; put as many units on that block as you can. Opening up farmland for development and subdivision is just welcoming urban sprawl to Waitaki. For what it's worth, Forrester Heights should not be sold and developed, it should be reserve land.

	2)Any efforts to limit light pollution are welcome. I am in favour of amateur astronomy and dark sky reserves.

	3)Any efforts to make Oamaru more walkable and less car dependent are welcome. I would like some sort of public transport option to be put in place as well to discourage car use.
Q11	supporting documents?

Q12	If you need more space, or have any other general comments, please leave them here

4) Preserve Oamaru's historical heritage in any way possible. 5) I don't know where this goes, but the Red Billed Seagulls don't bother me. I think people blow that out of proportion. 6) I do not support the building of the stadium. I believe it is a waste of money and end up sitting empty most of the time. I do not want my tax dollars spent on it. Use that money to expand the aquatic centre and recreation centre and other programs that benefit the people of Waitaki.
