Q4	Feedback/Comments
	Like a lot of people I find this method over the top and time consuming . MY concerns are that the feedback so far on things like opening up Forester Heights to developers should not go ahead having feedback showing nearly 70% were opposed to this is not being listened to by the council, Allowing very small subdivisions and proposing over 140 sections and new builds in Kakanui has also negative reactions . Like Forester Heights where people enjoy the current environment this is what makes Kakanui a nice environment, we don't want the council to change this small peaceful out of town settlement to have crammed estate type areas creating more pollution noise etc.

	I see typical the counsel is making it difficult to put in the comments you feel are important,
