Q1	Select the chapter you want to provide feedback on
	Ecosystems and Indigenous Biodiversity
Q2	In general, to what extent do you support the contents of this chapter?
	Agree
Q3	Objective/Policy/Rule/Standard reference:
	Skink Management Area and Special Purpose Zone - Macraes.
Q4	Feedback/Comments
	I support the retention of the skink management Area as proposed and suggest it is extended to take in potential habitat of skinks in the north branch, Waikouaiti River and tributaries of the north branch of the Waikouaiti River (e.g., Lot 1 & 2 DP 301737). Protection of these areas allows for the eventual recolonisation of these habitats by threatened skinks in the future (should they be absent now). I also would like the Macraes special purpose zone to be removed from these same areas.
