30th August 2022

Dear Waitaki District Council

In April this year, we purchased a property at 32 Reidston Road in Reidston that includes 4 titles (Rates Assessment #s 115045, 115047, 1155046 and 116740). We were notified by the previous owner that part of our property has been earmarked as a Māori Site of Significance known as Te Paetara. The information provided by the Landowner Engagement Team pertaining to this site identifies Te Paetara as a site of significance for gathering kai including eels and whitebait, as well as rock art. While part of the limestone escarpment is on our property, there is no rock art present. Also, the Kakanui River where whitebait and eel are gathered is over half a kilometer from our property. Furthermore, upon consulting with tangata whenua Justin Tipa to discuss the Te Paetara site, he confirmed that it is a site of significance for gathering kai from the river, not for the limestone escarpment or rock art. Therefore, since whitebait, eels and rock art are not present on our property, we would like to have the designation as a Māori Site of Significance removed from our property in the District Plan overlays.

Sincere Thanks for Your Time and Consideration

Sophia Leon de la Barra & Ra McRostie
Directors of Taiao Ora Farm Ltd.
