Q3	Objective/Policy/Rule/Standard reference:
	RLZ-R1 PER-1 - The activity does not involve the farming of goats, thar, chamois or fitch.
Q4	Feedback/Comments
	The farming of goats should be allowed. Goat farming is economically viable, environmentally friendly and is a rapidly emerging field in primary production. Goat farming can be undertaken on small RLZ blocks. It is recommended that that Council consult Federated Farmers to obtain accurate information relating to goat farming A distinction should be made between goats supporting primary productivity (meat, milk and fibre) and feral goats.
