Thank you for your response on **Waitaki District Council Draft District Plan**

Let's Talk Waitaki

Hi SueStott,

Thank you for completing the survey Draft District Plan Feedback. Your responses are listed below for your reference:

Select the chapter you want to provide feedback on

General Rural Zone

In general, to what extent do you support the contents of this chapter

Strongly oppose

Objective/Policy/Rule/Standard reference:

This would be very bad to stop families having the opportunity to live in the rural environment. The Dairy industry may be bring money to the area but they certainly do not enhance the countryside.

If you need more space or have any other general comments about the plan please leave them here

To make these lifestyle blocks to big will make it unmanageable for the average lifestyle block. Dairying has destroyed good land with changing the contour of the land causing what was good land unusable for grazing by applying to much water. Communities should be saved by a cross section of people.
I think there are some genuine reasons for complaints especially when many of these farms are owned by corporates that do not communicate with their neighbours - this is why people complain.

Thank you,
Waitaki District Council
