General feedback

Maybe safe for housing now BUT 20 years +.
But how much decay around their foundations
after heavy rain in the Tomas (under runners,
caves whatever you call them) in future years

External Email Be careful with links and attachments. Think before clicking – do I know this person and does this person's request make sense?

Save the Cape for future generations.
I am a regular user – walker, biker – and would hate to see more of this fantastic asset being taken for private development.
