Whitestone Geopark - Council Staffing

1.) Does council have a system in place to identify staff time that is spent working on tasks for Whitestone Geopark Trust?

Individual staff note their own time spent on Geopark related projects. Staff provide this information on request.

2.) If so how many staff hours have been spent working on Geopark in the last year?

102 staff hours with a direct cost of \$5,630 in the 2020/21 financial year. Staff hours may vary each year with the nature of assistance required to support the geopark project.

3.) Does council invoice Whitestone Geopark for staff time working on their projects?

No. The Geopark project is a Council-supported project, as provided for in its Long-Term Plan. It therefore forms part of their normal duties.

Yours sincerely,

Information Management Team
