**Original LGOIMA Request:**

I'm currently pulling together a list of all the consents Transpower holds with each council. Would you be able to provide a list of all the consents TP holds, preferably with details such as the consent number, description (i.e. what the consent is for), granted date, lapsing date (if applicable) and expiry date please?

**Official LGOIMA Response:**

Council Officers have reviewed your request and have collated the attached Pdf list of Transpower Consents. In terms of the expiry date, none of the consents listed have an expiry, this usually only applies to regional council consents.
