Q4	Feedback/Comments
	This area of Glenbrook Station (FREEHOLD). Situated on the western side of SH #8 it is badly infested with Wilding Pines that have grown from seed from the Ohau Riverbed /Linz. This are has been oversown in the past and has a rabbit issue.DOC have on record stated that the area is of no interest to them. DOC already own 1700 neighbouring hectares plus there is another 1200ha in QE2 Covenant on southern boundary protected. Tenure review has been completed, with 4000ha given up in the process, giving Glenbrook the opportunity to develop freehold land.
Q5	Objective/Policy/Rule/Standard reference:
	Leave as is - Rural Scenic
Q6	Feedback/Comments
	There is already neighbouring land under DOC, and QE2 stewardship. The DOC land is infested with Wilding Pines which is an annual to control. We have spent a lot of money controlling wildling pines that are growing from neighbouring seed sources. This seems to be a battle with a never ending point in sight..
Q7	Objective/Policy/Rule/Standard reference:
	I am fining this process very complicate to complete. Please contact me to discuss further Kirsty Williamson -
