	SNA
Q4	Feedback/Comments
	Much of the land that is now SNA has been farmed and ploughed over many years. the significance is no longer valid. The boundaries that have been marked out for SNA's are out of touch with the farmers. They have encapsulated large areas of land which have been farmed for many years so anything that was there is no longer there - therefore totally invalid.
Q5	Objective/Policy/Rule/Standard reference:
Q6	Feedback/Comments
	Concerns over restrictions on farmers and rural people being limited when selling their land. Ive heard it's being put forward that parcels of land may not be broken down for subdivision or other use, and I find it concerning that people would lose their freedom to make their own decisions and discern the best use.
