Official LGOIMA Response:

1. **How many RFS's (requests for services) for abandoned vehicles did your monitoring team receive each year for the 2020-2021, 2021-2022, 2022-2023 periods?**
2020-2021 = 2 2021-2022 = 2 2022-2023 = 3
2. **What are the current policies or initiatives to reduce the number of abandoned vehicles in your service area?**
Council does not have any policies or initiatives to reduce the number of abandoned vehicles in Waitaki District.
3. **Has the monitoring team issued any nuisance notices or investigated abandoned vehicles on private land in the last year?**
No.
4. **Has the monitoring team recorded any environmental pollution from abandoned/junk vehicles?**
Not really. In the past 3 years Roding responded to 1 instance of a burnt-out vehicle on road reserve. However, this was not recorded as environmental pollution.
