Date released: 28/09/2026

Subject: Confirmation of the Current List of Alcohol Licences Administered by the Waitaki DLC

LGOIMA: OIA-1771

Original LGOIMA Request:

Would the Committee please provide a current list of the alcohol licences it administers, showing for each:

1. premises trading name
2. licensee (the entity named on the licence)
3. premises address
4. licence type (on, off or club)
5. licence number
6. current expiry date

A spreadsheet or CSV export would be ideal, but any format the Committee already produces is fine — I do not wish to create work by asking for something that has to be assembled by hand.

I would also be grateful if you could confirm whether the Committee is aware of any difference between the licences it administers and those appearing on ARLA's published register, and if so what causes it.

Official LGOIMA Response:

Council Officers have reviewed your request and have provided the below and attached in response:

Please find attached the requested information showing the alcohol licences currently administered by the Waitaki District Licensing Committee.

In response to your query regarding the difference between the number of licensed premises recorded in the Waitaki District Licensing Committee's 2023-2024 Annual Report and the number appearing on the Alcohol Regulatory and Licensing Authority (ARLA) public register, the Committee's understanding is as follows:

On 1 October 2024, ARLA issued Practice Direction 10, requiring District Licensing Committees to provide copies of specified licensing documents to ARLA within five working days of a decision being issued. The Practice Direction was introduced to address inconsistencies in information being received from District Licensing Committees and to improve the accuracy and completeness of ARLA's statutory register.

Waitaki District Council commenced reporting to ARLA in accordance with the Practice Direction from 25 October 2024. As on, off and club licences generally operate on a three-year renewal cycle, licences that had not been renewed or otherwise amended since reporting commenced may not yet be reflected in ARLA's register. Consequently, the ARLA register may not presently contain the full complement of licences administered by the Waitaki District Licensing Committee.

The list of licensed premises attached to this response represents the Committee's current licensing records and is considered accurate as at the date of this response. As an example, the Waitaki Hotel, 37 Bledisloe Street, Kurow, currently holds both an on-licence and an off-licence administered by the Committee and both licences appear on the attached register.

ALCOHOL REGULATORY AND LICENSING AUTHORITY
TE MANA WAETURE TAKE WAIPIRO

PRACTICE DIRECTION PURSUANT TO s 66(3) OF THE ACT

REQUIREMENTS FOR CERTAIN DOCUMENTS TO BE FORWARDED FROM COMMITTEES TO THE LICENSING AUTHORITY

1. To ensure that the particulars prescribed in the Sale and Supply of Alcohol Regulations 2013 are recorded, the following documents are required to be sent to the Secretary of the Licensing Authority in respect of every application determined by the committee:

   (a) a copy of each licence, certificate, notice of renewal or temporary authority issued.
   (b) a copy of the application form.
   (c) a copy of the decision made by the committee.

   Additional documents that may form part of the application are not to be sent unless requested by the Licensing Authority.

2. The documents must be sent to the Licensing Authority within 5 (five) working days of the decision being issued.

3. Documents relating to applications for special licences are not required to be sent to the licensing authority. The licensing authority expects committee secretaries to retain that information in accordance with s 66(1)(b) of the Act.

DATED at WELLINGTON this 1st Day of October 2024

Kerry Williams
Secretary
Alcohol Regulatory and Licensing Authority

Subject: RE: Revised Practice Directions /Guidelines - ARLA

Morena Rob,

A new Practice Direction has been issued and uploaded onto the website in relation to s66(3) and the requirements for certain documents to be forwarded from Committees to Licensing Authority. In particular, point 2 provides for the documents to be sent to the Authority within 5 working days of the decision being issued.

As you are aware, the information provided forms the basis of the ARLA registers that are a legislative requirement placed on the Authority. Unless we are provided with ALL information in a timely manner, it is impossible to provide accurate/complete data. ARLA receives frequent queries and criticism about the register, largely due to the lack of compliance in sending the documents to ARLA. In addition, we need to manage the work received and it is not helpful when we are sent 6 months' worth of documents at once.

If you could encourage compliance when distributing the direction, I would be very appreciative.

Many thanks,
Kerry

Subject: Revised Practice Directions /Guidelines - ARLA

Kia ora Rob,

I have copied in the generic email address to my email also. It would be grateful if you are able to advise Inspectors via the blog you run, that the ARLA Practice Directions have been updated and are now all available on the Ministry of Justice website: Practice notes and guides | New Zealand Ministry of Justice

Please note that this exercise reviewed the existing Practice Notes in line with current legislation and practice and does not cover legislative changes that are soon to come into force. A separate exercise will be carried out once the new legislation is in force and I will be in touch once that has happened.

I will also do a reminder the Authority of the existence of NZILLI and the opportunities available and the annual workshop.

Ngā mihi,
Kerry
