

- 1) The number of building consents issued annually over the past five calendar years by your BCA;
- 2) and, of these building consents how many, if any, resulted in a final building inspection being completed relevant to that consent  
 If system restraints mean that you cannot provide an answer to part two of this request without charging a fee for hours worked, could you please provide the following as an alternative to part 2:
- 3) The number of final building inspections conducted annually over the past five years by your BCA and;
- 4) The number of final building re-inspections conducted annually over the past five years by your BCA following the issuance of a notice to fix?

Council Officers have reviewed your request and have collated the answers in a table below.
