What you need to know:

- Information regarding the Food Act 2014 and New Zealand food safety can be found on the Ministry for Primary Industries website (<https://www.mpi.govt.nz/nzfoodsafety/>) or www.mpi.govt.nz > Food safety.
- A National Programme sets out what steps a business making or selling lower-risk foods needs to take to make safe food. It is used to identify risks, and to show how you are managing them.
- You should use National Programme 2 (NP2) if you manufacture bread products, cereals, biscuits, crackers, crisps, other snack food, jams, pickles, chutneys, confectionery, chocolate, icing, ice, iced confectionery, iced desserts, fruit and vegetables – frozen, dried or dehydrated; sell chilled or frozen foods; process nuts and seeds; serve food at an early childhood education centre or Kohanga Reo.
- To check if your business fits under a NP2 use the My food rules tool (<https://www.mpi.govt.nz/food-safety/food-act-2014/my-food-rules/>) or www.mpi.govt.nz > Food safety > Food Act 2014 > My food rules.

What you need to do:

- Make an appointment to discuss your food operation and Food Act registration with the Waitaki District Council Environmental Health Officer.
- Register your food business with your local council. Waitaki District Council will require:
 1. Application for registration under Food Act 2014
www.waitaki.govt.nz > A-Z Services > Forms and Applications > Food and other business application forms.
 2. Payment of the \$170.00 bi-annual fee.
 3. Scope of operations form. Print from My food rules tool (<https://www.mpi.govt.nz/food-safety/food-act-2014/my-food-rules/>) or www.mpi.govt.nz > Food safety > Food Act 2014 > My food rules.
 4. Verifier details. NP2 operators are verified by an independent agency. You will need to choose a verifier and ask them for confirmation that they will verify your business. Include this confirmation with your registration application. Details of verifiers in the Waitaki District can be found at (<https://www.mpi.govt.nz/food-safety/food-act-2014/national-programmes/steps-for-national-programme-2/>) or www.mpi.govt.nz > Food safety > Food Act 2014 > National programmes > Steps for National Programme 2.
- Download the Guidance tool for National Programme 2. Print from My food rules tool (<https://www.mpi.govt.nz/food-safety/food-act-2014/my-food-rules/>) or www.mpi.govt.nz > Food safety > Food Act 2014 > My food rules.

What you need to show:

- Get checked. Your first verification must occur within 6 weeks of your registration. Contact your verifier to arrange a suitable time. How often you are checked will then depend on how successfully you are managing food safety. This could be a little as once every 3 years. You will pay the verifier directly for each visit.
